Guetzloe Report, WAMT 1190
Orlando, Fl.

Dear Doug,

For the Vietnam Veterans of Central Florida and the National Vietnam War Museum bringing the Traveling Memorial Wall to the Bunker, in Orlando last month, was a major undertaking. Many hours went into the planning, logistics, construction and ceremonial phases which resulted in a tribute to all veterans that will not soon be forgotten. In addition, getting the word out through radio, television, print and the internet was vital to our success in putting on this event, and keeping the people of Central Florida informed. All of this was made possible by your generosity and your contribution to the efforts of the veteran community here in Orlando. Your generous donation of publicity by having us on the radio no less than three times, including a broadcast from the bunker, will not soon be forgotten. Doug you are a true patriot and veterans from all generations are proud to call you a friend and comrade. Please come out and see us again. On behalf of all our members we owe you a debt of gratitude, and offer a sincere Thank You at this time.

Sincerely,

Harry T. Scholer, President, NVWM
